Orthopaedic Soft Goods, Bandages, Mobility Aids & Healthcare Products

An ISO 9001:2015, CE & GMP Certified Company

Abdominal Belt

Abdominal belt is ideally suited for horizontal incisions of lower middle & upper abdomen. Abdominal Belt is recommended in cases of post pregnancy. Post operative surgery. Can fit under the cloths due to small in size.

Cervical Collar

(Soft with Support)

Cervical Collar Soft are generally used when partial or controlled immobilization of the cervical region is required. Cervical collar hard adjustable is recommended where rigid immobilization of the neck is indispensable, Cervical Spondylitis, Cervical Disc Disease Cervical Neuralgia, Fractures and Dislocations, Torticolles, Neck Sprains/Stiff neck, Early Rheumatoid Disease, Prevention and Treatment of Whip Lash Injuries, Other Ortho/Neuro Conditions where immobilization, flex on, extension or hyper extension of the neck region is required.

Lumbar Sarco Contoured Belt

Two additional straps provide compression and enhance proper fit. Fits snugly to the body contours and can be worn under any clothing. One broad & four narrow plastic splints gives perfect spine support by snnging to the bend of back region. Four alluminum maleable metal splints are removable & can be given the desired contour to support the specific vertebrae. It's use for chronic low back pain. Post operative rehabilitation of the Lumbo Sacral region. Osteoporotic pain of Lumbo Sacral region. Degenerative Lumbar Disc disease.

Arm Sling

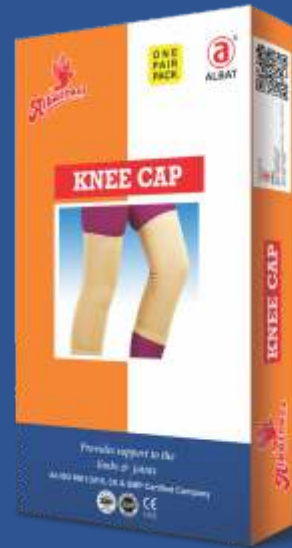

Support to the arm or shoulder in the case of closed or surgical management of strain, sprain, fractures and dislocation. An adjustable, board shoulder pad reduces pressure on neck and shoulder. Thumb loop inside the fabric for resting the hand when desired.

Knee Cap

Knee Cap gives mild support & warmth to the weak knee in arthritic conditions, injury and in post surgical rehabilitation care. Simple pull on application. Warm in winters & cool in summers.

Orthopedic Heat Belt

Regular - Large

Imported long lasting heating element. Low power consumption. Convenient to use. Soft material used. In-built twin thermostat for 100% safe. Ultra soft washable cover. Flexible can be used on any afflicted area. Velcro strap-on belt. Long connecting cable. No side effects/ Automatic control of set temp. 3 comfortable heat levels. Use in Sprains, Arthrits, Back Aches, Abscesses Boils and other body pains. For women-related pains use under the guidance of a registered medical practitioner.
